AUDIO ENTERTAINMENT, INSIDE & OUT...

Hearing songs on the radio, listening to tunes on an iPod®, or playing favorite CDs just became part of the *kitchen* experience and the *great outdoors*! Now introducing the JENSEN® UTCJCD3007 Under Cabinet Stereo System, equipped with all the audio functions needed for exceptional RV entertainment.

The UTCJCD3007 is designed to fit conveniently under standard RV kitchen cabinets or as an outside entertainment center in the RV basement or storage compartment. It is equipped with a durable AM/FM/CD stereo, high performance speakers that are strategically angled to deliver superior sound coverage, and a front pocket for iPod®/MP3 player/remote control storage.

The unit's stereo has an electronic AM/FM tuner and a CD player with 10 seconds of Electronic Skip Protection (ESP). For your iPod® savvy customers, there is even a front aux input for iPod® and MP3 player plug in! The stereo also features conformal coated circuit boards, a solid top chassis, and a non-absorbing PCB insulator, which allow the unit to withstand commonly encountered mobile and outdoor conditions such as humidity, condensation, and extreme temperature fluctuations.

Attractively designed so as not to disrupt the aesthetic appeal of your RV kitchens or exteriors, the UTCJCD3007 is accented with chrome and has the high tech, modern electronics styling your RVers desire.

Put a kick in the kitchen or give your RVers the chance to entertain in the open air! Get more options in audio entertainment and better sound coverage with the JENSEN® UTCJCD3007 Under Cabinet Stereo System.
